Riverside Cooperative Bank

Notice to Account Holders: Periodic KYC Update
Date: 1 November 2026

As required under regulatory guidelines, all account holders are required to update their Know Your Customer (KYC) details periodically. Our records indicate that your KYC update is pending.

What You Need To Do

Please visit your home branch and submit a completed KYC update form along with a self-attested copy of one identity proof and one address proof. If there is no change in your details, you may submit a self-declaration instead.

Customers may also update KYC through net banking under the Service Requests tab.

Important

Please complete this process at the earliest. Accounts with pending KYC may face restrictions on debit transactions.

For queries, call the customer care number printed on the back of your passbook.
